

SUSTAINABILITY POLICY

*At Seven Seas Group;
“Sustainability” is not an option;
It’s an integral part of all SSG’s operations*

SSG’s sustainability mission, envisions meeting the needs of our Clients, while servicing their needs and conducting business in a socially, economically and environmentally, responsible manner, to the benefit of our current and future generations alike.

Integrating sustainability principles in our business models, with special emphasis on respect for people, irrespective of creed, color or culture, whether from employees to governance;

We at SSG, seek opportunities in evolving and mature markets, whose principles include energy and resource efficiency, supplier diversity, ethical & anti-corruption measures, transparency, safety & training, staff development, promoting green initiatives and community-based responsible CSR activities.

Being a Responsible, Reliable & Dependable Support Partner for our Clients;

We go the extra mile to build and strengthen this relationship based on mutual trust & transparency, and to help Clients achieve their Sustainability objectives; and thus, positively impact the environment and communities at large; in which we all live and work together.

At Seven Seas Group

We remain;

Committed to Sustainability

Mr. MASOOD UL REHMAN
CEO, Seven Seas Group
